

*The Seattle - King County Continuum of Care
Consolidated Application Process for the 2016*

HUD Continuum of Care Program
Community Meeting

**YWCA Opportunity Place
Jennings Community Room
2024 Third Avenue,
Seattle, WA**

**Tuesday, August 30, 2016
10:30am to 11:30am**

AGENDA

- **Welcome**

- **Overview of the 2016 Local McKinney Process**

- **2016 HUD NOFA and Context**
 - National Funding
 - HUD Funding Priorities
 - Tiering
 - New Project (s)

- **2016 NOFA - WA-500 Application**
 - CoC Values for HUD CoC Program dollars
 - Tiering
 - Reallocation Policies and Process
 - 2016 Priority Order

- **HUD award announcement promised (by HUD) in CY 2016**

2016 McKinney Continuum of Care Tiering

Seattle King County Continuum of Care (WA-500) TIER 2	
Amount of Annual Renewal Demand placed in Tier 2 (7% of ARD)	2,341,744
BONUS Projects – PSH for Chronically Homeless and/or RRH	1,672,674
WA-500 Tier 2 TOTAL	4,014,418

The Seattle/ King County CoC is eligible to apply for \$4,014,418 in Tier 2 funds. Projects will be placed strategically in Tier 2 with the goal of maximizing the likelihood of securing funding and in the context of the funding values for CoC Program as re-affirmed by the All Home Coordinating Board.

HUD will individually score each project placed in Tier 2 using the following scoring schema:

Scoring Category	Score	Comments
CoC Score	50	Score proportionate to overall CoC score out of 200 (determined by HUD). This score will be the same for each of our applications, and unknown until HUD awards are announced.
Project Type	5	5 – PSH, RRH, Safe Haven, HMIS, Coordinated Entry; TH for YYA 3 – Transitional Housing for Families or Single Adults 1 – Supportive Services Only (SSO) renewal
Commitment to Policy Priorities	10	PH – housing first TH – low barrier, rapid placement, no service participation requirements or preconditions CEA / HMIS – automatic 10 points
Project Ranking	35	Score based on application amount and amount of Tier 2 funding already allocated (i.e. projects placed higher in the priority order).
TOTAL	100	

This increases the emphasis and impact of project rating over the 2015 competition where CoC score (2015 – 60 pts) and Project Type (2015 – 10 pts) were of greater significance (project rating 2015 – 20 pts) .

SEATTLE KING COUNTY CoC TIER 2 CONSIDERATIONS:

The Seattle/ King County CoC will consider three key factors in the priority placement of projects as described below: 1) project category; 2) project type; and 3) project cost:

1. PROJECT CATEGORIES

a. Realignment Projects

Realignment projects are projects changing their project model from Transitional Housing for families with children to Rapid Rehousing or Permanent Supportive Housing for families with children. This change supports the All Home Family Homelessness Initiative and the System Realignment Targets and/or the Domestic Violence system best practice approach of Rapid Rehousing. The sponsoring agencies are voluntarily closing their programs, and the funds are being re-directed into permanent supportive housing for families developed by the same set of agencies.

b. Reallocation projects

Reallocation projects are new projects made possible by funding redirected from current renewal projects. The only project types are eligible for reallocation funding are: (1) Permanent Supportive Housing, (2) Rapid Re-housing, (3) HMIS (Homeless Management Information System), (3) Coordinated Entry.

c. Renewal Projects

Renewal Projects are projects currently funded by the HUD Continuum of Care (CoC) Program. The Seattle/ King County CoC is required to place a designated dollar amount in Tier 2. A number of renewal projects may be placed in tier 2 in order to cover any portion of the \$2,341,744 (7% ARD) that is not otherwise reallocated from existing projects.

d. Bonus Projects

The Seattle/ King County CoC is eligible to apply for \$1,672,674 in bonus funds. Only two (2) project types are eligible for bonus funds: (1) Permanent Supportive Housing for chronically homeless households (singles or families) and (2) Rapid Re-housing (for any/all populations including youth and young adults).

2. PROJECT TYPE

Project Type is the second priority consideration. Using HUD’s scoring schema different project types will score differently and how these projects are or not placed will affect the CoC’s ability to fully secure Tier 2 funds. The project types and score range are noted below:

Scoring Category	Score	Comments
Project Type	5	5pts – PSH, RRH, Safe Haven, HMIS, Coordinated Entry; TH for YYA 3pts – Transitional Housing for Families or Single Adults 1pt – Supportive Services Only (SSO) renewal

3. PROJECT RANKING

With a maximum of 35 Project Ranking points for each project, cost becomes a strategic element in the placement of projects. Each project ranking score is affected by the amount of Tier 2 funding allocated to the project above it in the project ranking.

Scoring Category	Score	Comments
Project Ranking	35	A calculation based on project application amount and amount of Tier 2 funding already allocated

Priority Listing Decision Factors

The following assumptions will be used to guide decisions regarding priority placement in Tier 2:

- 1. Include only those projects that can receive full points for both project type (10 points) and commitment to policy priorities (10 points).**

Rationale: Maximizing points for each of HUD's scoring factors ensures the greatest likelihood of maintaining current funding and securing additional funding for the CoC. NOTE: based on HUD's schema this excludes from Tier 2 any transitional housing for families with children or for single adults, as well as Services Only (SSO) projects.

- 2. Order applications from smallest to largest funding requests within the four Categories of projects, except where local values and HUD priorities may dictate otherwise.**

Rationale: Placing smaller requests before higher requests will result in marginally higher HUD project ranking scores for projects within that classification, which may result in additional funding for the continuum.

- 3. Value Realignment Projects as the first priority in Tier 2.**

Rationale: These projects are voluntarily reallocating funds and realigning their projects in collaboration in support of family system realignment efforts. This effort is designed to rebalance our system and better match homeless housing program types in the community with the needs of the homeless families being seen in the system. Permanent Supportive Housing for Chronically Homeless households is a HUD priority, and supports HUD's goal to end chronic homelessness by 2017, as well as the goal to end family homelessness, Rapid Rehousing is nationally recognized as a best practice for rehousing homeless families and in the case of certain projects expands the local DV Rapid-rehousing pilot. These projects will get HUD's maximum score for program type and commitment to policy priorities

- 4. Use the CoC preliminary score based rank order, with a special emphasis on a low barrier approach and movement to permanent housing, to identify current projects not to be renewed by identifying projects from the bottom and moving up the rank order to select lower performing projects as subjects for reallocation, taking into consideration geographic and population impacts.**

Rationale: A certain number of renewal projects will need to be defunded or reduced to complete the dollar amount that we are required to place in Tier 2.

- 5. Use the CoC preliminary score based rank order to identify renewal projects for placement in Tier 2 by identifying projects from the bottom and moving up the rank order to select projects that maximize HUD's Project Type/Project Priority points and face the least risk in Tier 2.**

Rationale: A certain number of renewal projects are being placed in Tier 2 to complete the dollar amount that we are required to place in Tier 2.

- 6. Value renewal projects that are strategically placed in Tier 2 to meet the dollar amount we are required to place in Tier 2.**

Rationale: These projects are existing projects receiving HUD CoC funding that are being placed in Tier 2 to meet the dollar threshold the Seattle King County CoC is required to place in Tier 2. The projects meet HUD project type and commitment to policy priorities.

2016 HUD McKinney Continuum of Care Application – Tiering Recommendation

Approved by All Home Funder Alignment Committee 8/23/2016

Background

The Seattle – King County Continuum of Care (CoC) is eligible to apply for \$36,129,757 in the 2016 HUD competition for McKinney Vento Continuum of Care funds. Within that total amount, HUD required the CoC to consider a number of significant program and tiering factors as outlined below:

- \$33,453,479 in annual renewal funding must be placed in two tiers
 - Tier 1 – 93% of the Annual Renewal Amount
 - Tier 2 – 7% of the Annual Renewal Amount
- \$1,672,674 in Permanent Housing Bonus funding for Permanent Supportive Housing (PSH) for Chronically Homeless Households or Rapid Re-housing for any/all populations
- \$1,003,604 for Continuum of Care Planning

Overview of Final Recommendation

2016 Seattle–King County CoC Tiering

		Amount
57 Renewal projects	Tier 1 (93% of Annual Renewal Amount)	31,111,735
Renewals (4 projects)		746,417
Reallocation to PSH (2 projects)		687,665
Reallocation to RRH (2 project)		907,663
	Tier 2 (7% of Annual Renewal Amount)	2,341,744
	TOTAL Annual Renewal Amount	33,453,479
BONUS Projects: Permanent Supportive Housing (2 projects)		1,672,674
CoC Planning Grant (non-competitive)		1,003,604
	Additional Funds	2,676,278
	TOTAL APPLIED FOR	36,123,757

The above strategy supports local McKinney Application Values as approved by the All Home Coordinating Board (10/7/15), and re-affirmed All Home Funder Alignment Committee (8/1/2016) and meets the following CoC priorities:

- ✓ Strategically responds to HUD’s requirements and priorities outlined in the NOFA
- ✓ Supports new permanent supportive housing for longest term chronically homeless
- ✓ Supports new rapid re-housing
- ✓ Maximizes all potential funding

The strategy:

- ✓ Eliminates eleven transitional housing projects, and one PSH
- ✓ Reduces four renewing projects

Tier 2 Reallocation (\$2,341,744)

Each CoC was required to place 7% of their Annual Renewal Amount in Tier 2. To meet our Tier 2 requirement the Seattle-King County CoC is reallocating \$1,577,574. The balance of the 7% is composed of renewal projects that meet HUD project type / and policy priority for placement in Tier 2.

The following projects are recommended for reduction or elimination. Considerations include:

- 2016 score-based rank-order;
- Housing focus of the fund-source;
- Serving Literally Homeless, and Low-barrier /Housing First focus of the fund-source
- Strategic placement to maximize Tier 2 renewal funding

Project	Project Type	Recommendation	Amount Reduced
Compass Cascade realignment	TH	Not Renewed	80,012
