AGENDA

- **Welcome**

 - **Overview of the 2015 Local McKinney Process**
 - Review and Rank Order

 - **2015 HUD Context and Results**
 - National Funding
 - Tiering
 - HUD Funding Priorities
 - New Project (s)

 - **2015 NOFA – Implications**
 - Continued Emphasis on Performance
 - Priority on Permanent Housing
 - Priority on Chronic
 - Reallocation
-
- **Anticipated HUD award promised in CY 2015**

2015 HUD McKinney Continuum of Care Application – Tiering Recommendation

Approved by All Home Funder Alignment Committee 10/26/2015

Background

The Seattle – King County Continuum of Care (CoC) is eligible to apply for \$36,598,186 in the 2015 HUD competition for McKinney Vento Continuum of Care funds. Within that total amount, HUD required the CoC to consider a number of significant program and tiering factors as outlined below:

- \$31,015,412 in annual renewal funding must be placed in two tiers
 - Tier 1 – 85% of the Annual Renewal Amount
 - Tier 2 – 15% of the Annual Renewal Amount
- \$4,652,312 in Permanent Housing Bonus funding for Permanent Supportive Housing (PSH) for Chronically Homeless Households or Rapid Re-housing for any/all populations
- \$930,462 for Continuum of Care Planning

Overview of Final Recommendation

2015 Seattle–King County CoC Tiering

Funding Category	Amount
61 Renewal projects	26,363,100
TIER 1 (85% of Annual Renewal Amount)	26,363,100
Renewals (2 projects)	500,012
Reallocation to PSH (5 projects)	1,027,263
Reallocation to RRH (1 project)	1,252,537
Reallocation to Coordinated Entry	1,872,500
TIER 2 (15% of Annual Renewal Amount)	4,652,312
TOTAL Annual Renewal Amount Applied for	31,015,412
Permanent Supportive Housing (3 projects)	3,552,778
Rapid Re-Housing (2 projects)	1,099,534
TOTAL Amount for Permanent Housing BONUS funding	4,652,312
CoC Planning Grant (non-competitive)	930,462
TOTAL APPLIED FOR	36,598,186

The above strategy supports local McKinney Application Values as approved by the CEH – IAC (3/2/2015) and re-affirmed under the revised CoC governance structure by the All Home Coordinating Board (10/7/15), and meets the following CoC priorities:

- ✓ Strategically responds to HUD’s requirements and priorities outlined in the NOFA
- ✓ Supports new permanent supportive housing for longest term chronically homeless
- ✓ Supports new rapid re-housing for all populations
- ✓ Supports Coordinated Entry
- ✓ Supports CoC planning
- ✓ Maximizes all potential funding

The strategy:

- ✓ Eliminates five supportive services only, five transitional housing projects, and one PSH
- ✓ Reduces four renewing projects

Tier 2 Reallocation (\$ 4,152,300)

Each CoC was required to place 15% of their Annual Renewal Amount in Tier 2. In order to meet our Tier 2 requirement the Seattle-King County CoC is reallocating \$4,152,300. The balance of the 15% is composed of renewal projects.

The following projects are recommended for reduction or elimination. Considerations include:

- 2015 score-based rank-order;
- Housing focus of the fund-source;
- Strategic placement to maximize Tier 2 renewal funding

Project	Project Type	Recommendation	Amount Reduced
Transitions realignment	TH	Not Renewed	81,370
Homelessness Project realignment	TH	Not Renewed	57,278
Sand Point Families realignment	TH	Not Renewed	294,978
Family Village realignment	TH	Not Renewed	78,878
Hopelink Place realignment not renewing	TH	Not Renewed	121,939
P.G Kenny Place not renewing	PSH	Not Renewed	115,946
Medical Respite	SSO	Not Renewed	696,732
Homeless Intervention Project	SSO	Not Renewed	927,121
Homeless Youth Coordination (Pro Youth)	SSO	Not Renewed	738,688
Homeless Child Care	SSO	Not Renewed	479,095
Medical Case Management (Kids Plus)	SSO	Not Renewed	414,005
Project reductions (four projects)	TH / PSH	Reduced	146,270
TOTAL			\$4,152,300

2015 McKinney Continuum of Care Tiering

Seattle King County Continuum of Care (WA-500) TIER 2	
Amount of Annual Renewal Demand placed in Tier 2 (15% of ARD)	4,652,312
BONUS Projects – PSH for Chronically Homeless and/or RRH	4,652,312
WA-500 Tier 2 TOTAL	9,304,624

The Seattle/ King County CoC is eligible to apply for \$9,304,624 in Tier 2 funds. Projects will be placed strategically in Tier 2 with the goal of maximizing the likelihood of securing funding and in the context of the funding values for CoC Program as re-affirmed by the All Home Coordinating Board.

HUD will individually score each project placed in Tier 2 using the following scoring schema:

Scoring Category	Score	Comments
CoC Score	60	Score proportionate to overall CoC score out of 200 (determined by HUD). This score will be the same for each application, and will be unknown until HUD awards are announced.
Project Type	10	10pts – PSH, RRH, Safe Haven, HMIS, Coordinated Entry; TH for YYA 3pts – Transitional Housing for Families or Single Adults 1pts – Supportive Services Only (SSO) renewal
Commitment to HUD Policy Priorities	10	PH – Housing First TH – low barrier, rapid placement, no service participation requirements or preconditions CEA / HMIS – automatic 10 points
Project Ranking	20	Score based on application amount and amount of Tier 2 funding already allocated (i.e. projects placed higher in the priority order).
TOTAL	100	

SEATTLE KING COUNTY CoC TIER 2 CONSIDERATIONS:

The Seattle/ King County CoC considered three key factors in the priority placement of projects as described below: 1) project category; 2) project type; and 3) project cost:

1. PROJECT CATEGORIES

a. Realignment Projects

Realignment projects are projects changing their project model from Transitional Housing for families with children to Permanent Supportive Housing for families with children. This change supports the All Home Family Homelessness Initiative and the System Realignment Targets. The sponsoring agencies are voluntarily closing their programs, and the funds are being re-directed into permanent supportive housing for families developed by the same set of agencies.

Agency	Existing Project	New Project	Notes
Compass Housing Alliance	Homestep	Ronald Commons	Homestep is a scattered sites model; units transferred to other homeless projects.
Solid Ground	SandPoint Families TH	SandPoint Families PSH	Uses existing facility
YWCA	Family Village TH	Family Village PSH	Uses existing facility

b. Reallocation projects

Reallocation projects are new projects made possible by redirecting funding from current renewal projects. The only project types eligible for funding through reallocation are: (1) Permanent Supportive Housing, (2) Rapid Re-housing, (3) HMIS (Homeless Management Information System), (3) Coordinated Entry.

c. Renewal Projects

Renewal Projects are projects currently funded by the HUD Continuum of Care (CoC) Program. The Seattle/ King County CoC is required to place a designated dollar amount in Tier 2. A number of renewal projects may be placed in tier 2 in order to cover a portion of the \$4,652,312 (15% ARD) that is not otherwise reallocated from existing projects.

d. Bonus Projects

The Seattle/ King County CoC is eligible to apply for \$4,652,312 in "Bonus" funds. Only two (2) project types are eligible for bonus funds: (1) Permanent Supportive Housing for chronically homeless households (singles or families) and (2) Rapid Re-housing (for any/all populations including youth and young adults).

2. PROJECT TYPE

Project Type is the second priority consideration. Using HUD's scoring schema different project types will score differently and how these projects are placed will affect the CoC's ability to fully secure Tier 2 funds. The project types and score range are noted below:

Scoring Category	Score	Comments
Project Type	10	10pts – PSH, RRH, Safe Haven, HMIS, Coordinated Entry*; TH for YYA 3pts – Transitional Housing for Families or Single Adults 1pt – Supportive Services Only (SSO) renewal

***NOTE: Coordinated Entry**

HUD requires that all CoCs establish a *Coordinated Entry System* and further requires the participation of all CoC-funded projects. Coordinated Entry (CEA) is the one "Supportive Services Only" (SSO) project to which HUD will give full points for project type. HUD allowed use of CoC funds for CEA once in 2012 and may not provide this opportunity in the future.

3. PROJECT RANKING

With a maximum of 20 Project Ranking points for each project, cost becomes a strategic element in the placement of projects. Each project ranking score is affected by the amount of Tier 2 funding allocated to the project above it in the project ranking.

Scoring Category	Score	Comments
Project Ranking	20	A calculation based on project application amount and amount of Tier 2 funding already allocated

2015 McKinney Continuum of Care Tiering

Priority Listing Decision Factors

The following assumptions were used to guide decisions regarding priority placement in Tier 2:

1. **Include only those projects that can receive full points for both project type (10 points) and commitment to policy priorities (10 points).**

Rationale: Maximizing points for each of HUD's scoring factors ensures the greatest likelihood of maintaining current funding and securing additional funding for the CoC. NOTE: based on HUD's schema this excludes from Tier 2 any transitional housing for families with children or for single adults, as well as Services Only (SSO) projects.

2. **Order applications from smallest to largest funding requests within the four Categories of projects, except where local values and HUD priorities may dictate otherwise.**

Rationale: Placing smaller requests before higher requests will result in marginally higher HUD project ranking scores for projects within that classification, which may result in additional funding for the continuum.

3. **Value Realignment Projects as the first priority in Tier 2.**

Rationale: These projects are voluntarily reallocating funds and realigning their projects in collaboration with the Family Homelessness Initiative and in support of family system realignment efforts. This effort is designed to rebalance our system and better match homeless housing program types in the community with the needs of the homeless families being seen in the system. Permanent Supportive Housing for Chronically Homeless households is a HUD priority, and supports HUD's goal to end chronic homelessness by 2017, as well as the goal to end family homelessness. These projects will get HUD's maximum score for program type and commitment to policy priorities

4. **Use the CoC preliminary score based rank order to identify renewal projects for placement in Tier 2 by identifying projects from the bottom and moving up the rank order to select projects that maximize HUD's Project Type/Project Priority points and face the least risk in Tier 2.**

Rationale: A certain number of renewal projects are being placed in Tier 2 to complete the dollar amount that we are required to place in Tier 2.

5. **Value renewal projects that are strategically placed in Tier 2 to meet the dollar amount we are required to place in Tier 2 as the second priority.**

Rationale: These projects are existing projects receiving HUD CoC funding that are being placed in Tier 2 to meet the dollar threshold the Seattle King County CoC is required to place in Tier 2. The projects meet HUD project type and commitment to policy priorities

6. **No renewal Supportive Services Only Projects will be included in the 2015 CoC Program Application and available funds will be reallocated to new projects.**

Rationale: SSO projects are HUD's lowest priority of all project types, receiving one of ten points for project type in the 2015 NOFA. It is highly unlikely that an SSO project placed in Tier 2 would be funded and placement of an SSO project in Tier 2 would result in a loss of funding to our CoC. Any SSO project in Tier 2 would start at a nine point disadvantage. Placing them in Tier 1 means that an equivalent dollar amount of housing projects would be placed in Tier 2.

Seattle King County Continuum of Care (WA-500) TIER 2	
Amount of Annual Renewal Demand placed in Tier 2 (15% of ARD)	4,652,312

The Seattle/King County Continuum of Care is required to place \$4,612,352 of Annual Renewal Demand (ARD) funds in Tier 2. This is 15% of the total of all of the CoC projects that are eligible for renewal in 2015.

The following tables outline, by project category or type 1) the proposed sources of Tier 2 ARD funding 2) the proposed uses of Tier 2 ARD funding, and 3) the number of new projects (by project type) that will result from this reallocation process

Proposed Sources of Tier 2 ARD Funding	
Services Only Projects	3,255,641
Realignment Projects	512,504
Relinquishment of funds (projects not renewing)	237,885
Underspending	62,500
Renewal Projects	500,012
Other **	43,810
	4,612,352

** The remaining dollars needed will be taken from another project or projects where there is underspending or where the grant can otherwise afford to lose that amount.

Proposed Uses of Tier 2 ARD Funding**	
Realignment Projects	639,923
Renewal Projects	500,012
New PSH for Chronically Homeless households	358,717
New Rapid Re-housing	1,241,200
Coordinated Entry	1,872,500
	4,612,352

** Project Categories are not listed in priority order

New Projects Created through the Reallocation Process	
Project Type	# of Projects
New PSH for Chronically Homeless Families	3
New PSH for Chronically Homeless Individuals	2
New Rapid Re-housing project	1
Coordinated Entry	1

2015 McKinney Continuum of Care Local Application Scoring Elements

Element	Data Source	Details	Points	Scoring Threshold
Leverage	intent to apply	Leverage: all other resources that support the project; HUD requires a 25% match; CoC awarded full point on Leverage at 150%;	3	50%
Spending	intent to apply	Were grant funds fully expended? Partial credit for extenuating circumstances (eg., new project start-up)	2	
Occupancy	intent to apply + APR	95% for full points	5	85%
Special needs	APR	% of participants with 2+ disabilities	5	
Eligibility	APR	Residence Prior to Entry: % literally homeless (coming from streets, shelter, transitional housing, safe haven). No points if less than 90%	5	90%
Length of stay	APR	Full points for meeting or exceeding system target	5	
TH to PH	APR	No points if less than 50%; Full points for meeting or exceeding system target		50%
PH>6mos	APR	PH> 6 months is a HUD measurement point in the APR	10	
SSO to ES/TH	APR	Service Only Projects awarded 1/2 credit for exits to ES		
Stability bonus	APR	TH to PH is < 90 days; PSH: % exit to PH	4	
Known exits	APR	No points if more than 10% exit to unknown.	3	90%
Universal data	APR	.5 points for each element missing (DV, HIV/AIDS and consent data Elements excluded from calculation)	6	
Exits w/Earned Income	APR	% with income from employment (CoC Program goal is 19%)	3	
Exits w/income from "other" cash source	APR	% with "Other" cash income (such as SSI, SSDI, TANF, etc)	3	
Exits w/ income from non-cash sources	APR	% with non-Cash sources (such as Food Stamps, Medicaid, etc). points if less than 95%	3	95%
Exits with no resources	APR	% with no resources either cash or non-cash at exit. No points if greater than 10%	3	90%
System Priorities	program type	Permanent Housing - 15 points; Transitional Housing - 10 points; Serving exclusively chronically homeless - 3 points	18	

NOTE: Scoring adjustments are made where needed for projects with fewer than 10 units / where "n" is less than 10
