Agenda Item	Action Steps and Follow Up
HMIS Updates	<ul style="list-style-type: none"> Working with KC on COVID-19-related data needs Working to implement COVID-related services: project level services to meet future funding reimbursement and analysis needs Working to end of the month deadline of Point-in-Time Count and Housing Inventory Chart data submission Training: Last month hosted DV training; This month leading training for Program Managers and wrapping up CEA Assessor trainings Annual survey will go out this month – sensitive about not over contacting agencies New tribal affiliation fields: close to project completion and roll out
Updates	<ul style="list-style-type: none"> Point in Time count efforts are underway for end of the month completion Proposing for future SPC meetings to review data migration plans (for stand up of KCRHA) completed by KC, CoS and AH staff King County PME are working on final approvals for dashboard updates, as soon as next month
System Performance Utilization	<p>King County PME shared overview of trends in utilization, noting declines in utilization over last 1-2 months. Efforts underway to complete data integration to include all data sources. Next discussion needed to explore strategies to understand shifts happening in the system and with program performance as a result of COVID-19. That work to occur before messaging or developing a narrative of the impacts.</p>
