Theory of Change: *If we create a homelessness response system that centers customer voice, then we will be able to focus on responding to needs and eliminating inequities, in order to end homelessness for all.*

The All Home Strategic Plan commits to reducing racial disparities of those experiencing homelessness. Nearly two thirds of people experiencing homelessness are people and families of color. Institutional and systematic racism contributes to the oppression of people of color, creating inequity, poverty and in some cases, homelessness. Success in reducing racial disparities and creating effective systems both for a dignified emergency response and housing, will require bold action and shared accountability. This commitment will include the proactive reinforcement of policies, practices, attitudes and actions to produce equitable power, access, opportunities, treatment, impacts and outcomes for all.
